I am so beautiful !

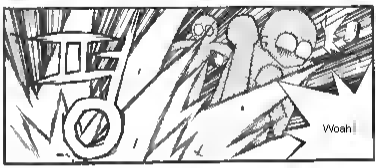
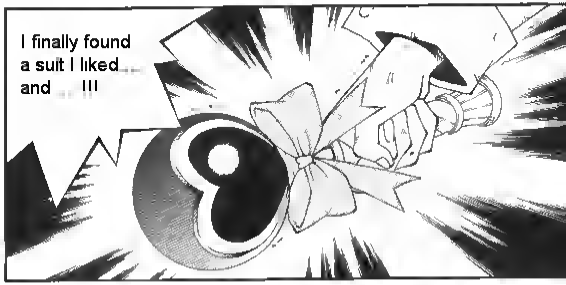
Hemosuuuuu - !!!

Adios, amigo ~
Ths s Hemosu
Age : unknown.
Birthplace is also unknown.
He is Habeak's friend and also has some connection with lord Tangun.
He favors a dangerous sword called "irresistible force" and is the one who has crushed Uppsala school by using women





Janimes

David Copperfield,

Hemosu s his mentor
He ended up being a fine mage
but he seems very useless to
his team

Please stop

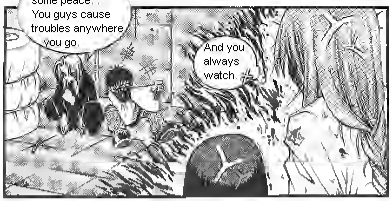
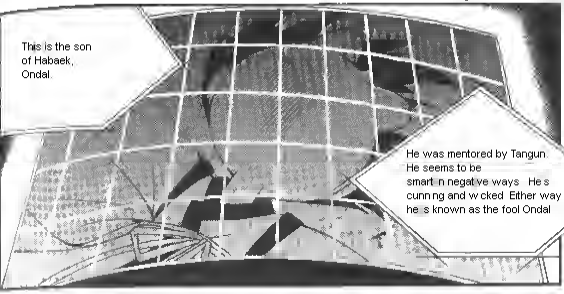
Don't use that kind of violence against civilians !

In name of God,
I shall not forgive you !
This nun is Samson
She is the one who literally leveled the Vatican city. At the same time, she shows much of her ignorance side as she fails to make use of a holy bible she stole. She is seen to use the bible as a blunt weapon.
Hahahaha !
Look at the mess !



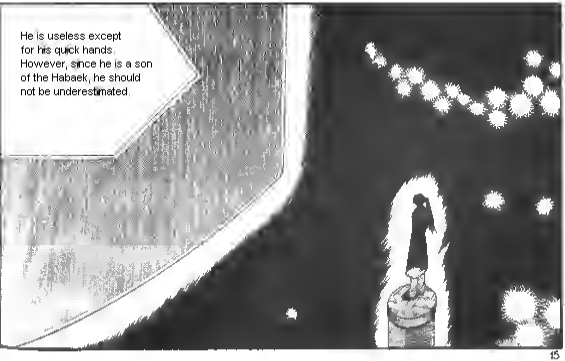
Can't we have some peace. You guys cause troubles anywhere you go.
And you always watch.
Let me tell you something funny

Actually, I had some money !
Stolen money



This is the son of Habaek, Ondal.
He was mentored by Tangun. He seems to be smart in negative ways. He's cunning and wicked. Either way, he is known as the fool Ondal.

Sir. Habaek's ...
Son ?



He is useless except for his quick hands. However, since he is a son of the Habaek, he should not be underestimated.

What is my mission?
Approach them and make them stand on our side
If that does not appear to be possible, get rid of them
Otherwise they may prove troublesome later on
I will give you the best members. So, do not disappoint me!
You can count on me
This will be our first step forward
Our ultimate goal is to remove Tangun and build a new empire!

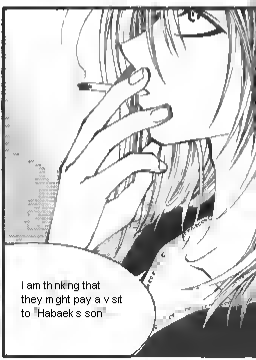
Go !
For our future !
Yes, sir !
May our land
receive blessings !

Neo Choson?
Ancient Korea was called Choson

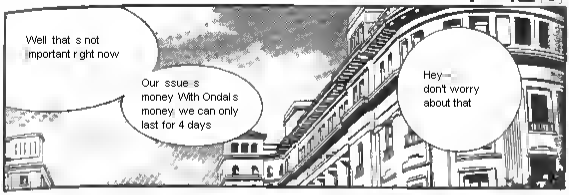
I've heard of Neo Nazi but
They are an organization that stands against Tangun

I guess being lord Tangun isn't exactly easy
Well, don't worry about that old snake

Yeah and why should I care?
I was kicked out
Some loyality you have



I am thinking that they might pay a visit to "Habaek's son"



Well that s not important r ght now
Our ssue s money With Ondal s money we can only last for 4 days
Hey— don't worry about that

If we need more money I w ll s mply steal more
I am really good at p ckpocket ng

You sound as f you are proud
I wonder what you w ll become

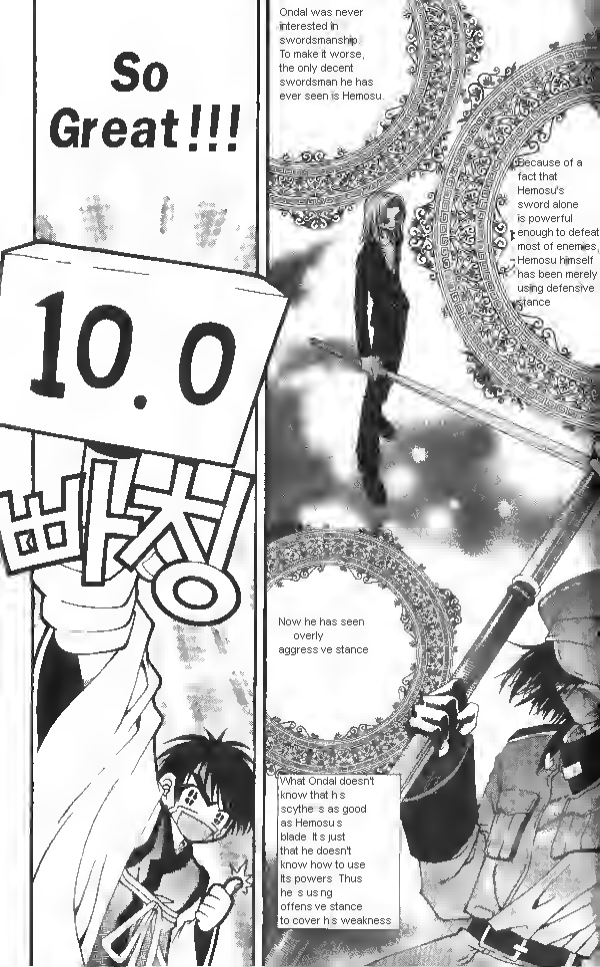
What s wrong
Ondal ?

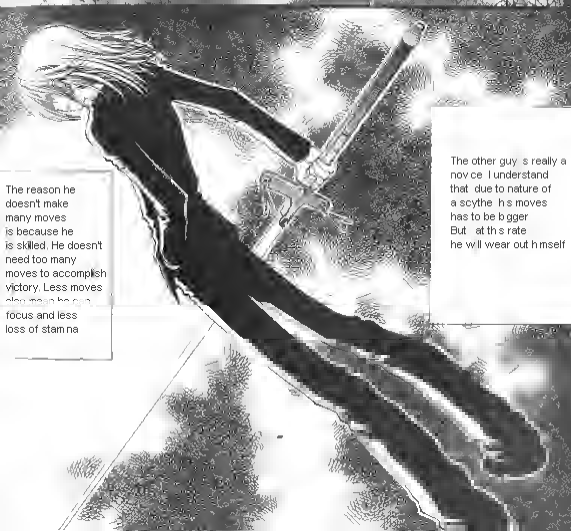
Powerful!
Beautiful!
Wonderful!



So Great!!!
10.0
出ト大!
Ondal was never interested in swordsmanship. To make it worse, the only decent swordsman he has ever seen is Hemosu.
Because of a fact that Hemosu's sword alone is powerful enough to defeat most of enemies, Hemosu himself has been merely using defensive stance
Now he has seen overly aggressive stance
What Ondal doesn't know that his scythe is as good as Hemosu's blade. It's just that he doesn't know how to use its powers. Thus he's using offensive stance to cover his weakness

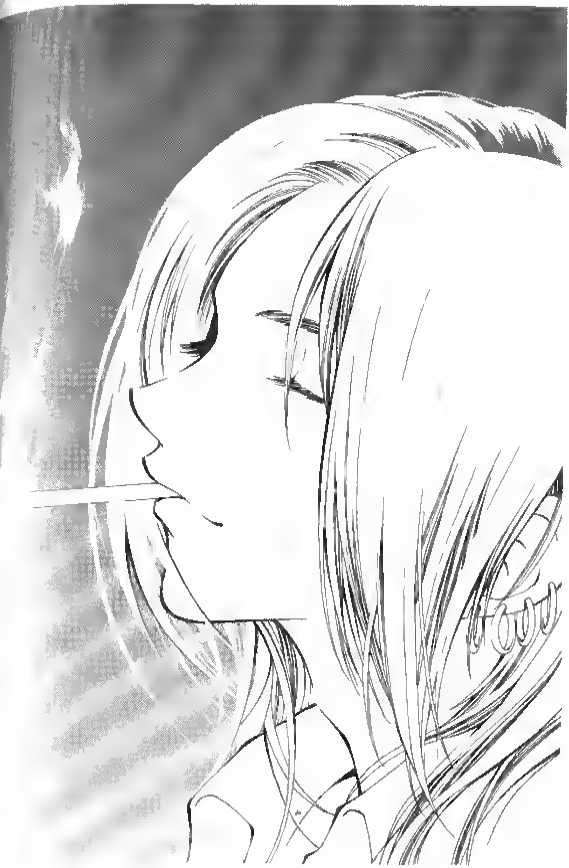
Anyway, this event might change path of Ondal's life... or whatever...
You are so wrong, Ondal

It s Hemosu you should be adm r ng not the other guy



The reason he doesn't make many moves is because he is skilled. He doesn't need too many moves to accomplish victory. Less moves
focus and less loss of stam na
The other guy s really a nov ce I understand that due to nature of a scythe h s moves has to be b gger But at th s rate he w ll wear out h mself

You said what ?
No
No way ?



His scythe is broken, too.
Nooooooo

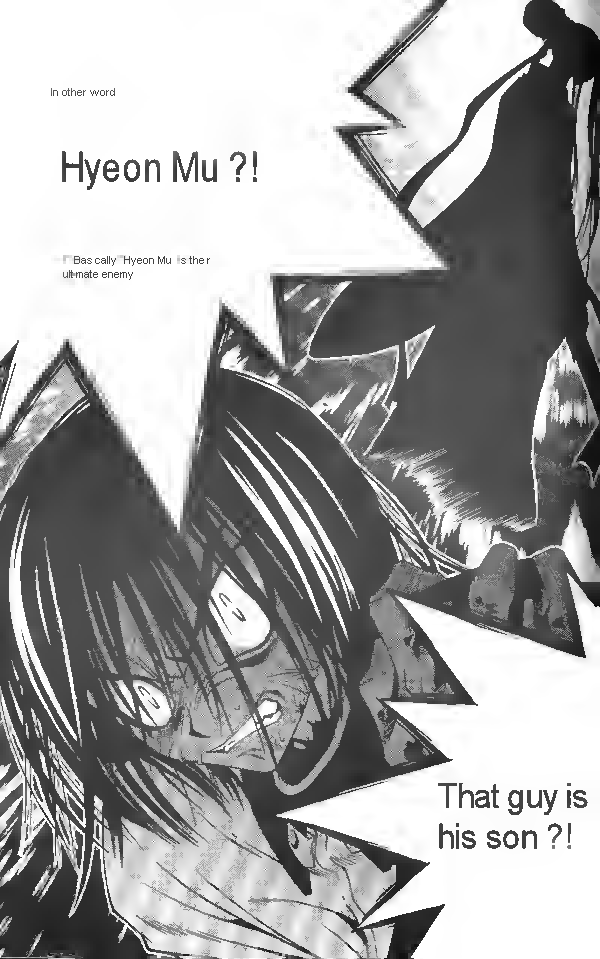
He's called 'Cho Ryu Hyang' an arrogant bastard
You see I don't get along with him very well
Who do you get along well with anyway ?
Cho Ryu Hyang?

The Cho Ryu Hyang? The hermit of North Cho Ryu Hyang ?
Then



In other word
Hyeon Mu ?!
Bas cally "Hyeon Mu" is the r
ultimate enemy
That guy is
his son ?!

Cheong Ryong Baek Ho Zu Zak and Hyeon Mu the four holy creatures that support the world

Hyeon Mu is a creature that resembles a large turtle and snake Zu Zak s bas cally the phoen x Heak Ho s a large white t ger Cheong Ryong s (for eas er understand ng) a blue As an dragon

Among them, Heyon Mu is known to be the most cruel.

However despite of the r unmatched powers the r personalit es were cruel and w cked In other words they weren't be ng helpful to man k nd

Jammes
www.janimes.com

And it seems this serial murderer boy is related to Hyeon Mu
크르르
Stop !
I have a question !
The four creatures had been sealed for 25 years
He looks like around 15 years old
They have an ability to reproduce while they are sealed or something?
He's a demon after all Don't expect the same growth rate as humans
틱 틱
I bet his actual age is quite old

Since he doesn't even know h s or g n. I guess he was created by a m stake or
He was abandoned because h s purpose was fulf lled
That scythe was made of Hyeon Mu's shell.
It is not a matter And since you also carry Hyeon Mu's blood, you should be able to restore it
